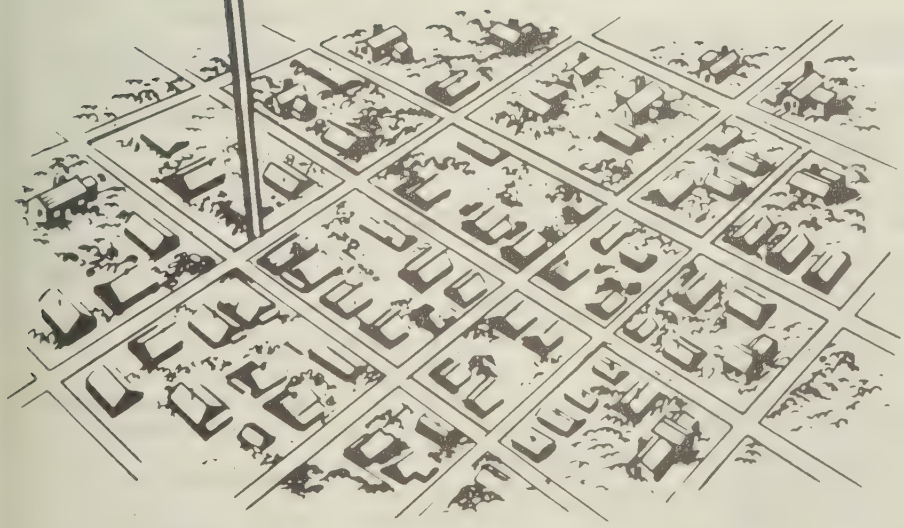
Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

STREET DIRECTORY of HOUSEHOLDERS and BUSINESSES



The Street Directory information is secured by an actual door to door canvass and includes these important features:

- Street Name and Address
- Occupants
- Home Owners
- Telephone Numbers
- New Householder This Edition
- Apartment Residents
- Office Building Occupants
- Types of Business or Profession
- Street Descriptions
- Zip Codes
- Street Intersections

Addresses showing No Return indicate that after repeated efforts the publisher was unable to obtain information.
